**2. Pre-Requisites**

Previous requirements are not explicitly established to course the subject by a student, yet it is recommended to have previous knowledge on Economic Policy, International Relations and International Economics.

**3. Justification in the curriculum, relation to other subjects and to the profession**

The mission of the subject **International Economic Policy** is to explore further the issues not discussed in the compulsory subjects of Economic Policy. Among these issues, the development cooperation policies and the environmental policies worldwide are included. In addition, the issues of industrial policy and the R+D+I policy shall be treated, given the globalized context in which economic and business relations are today produced. Finally, the flows of goods and services will be analyzed through the international trade policy and the movement of people through the migration policy.

**4. Degree competences achieved in this course****Course competences**

Code	Description
E02	Understand the role of institutions and economic agents in economic and social activities.
