2. Pre-Requisites

Not established

3. Justification in the curriculum, relation to other subjects and to the profession

Not established

4. Degree competences achieved in this course**Course competences**

Code	Description
CB02	Apply their knowledge to their job or vocation in a professional manner and show that they have the competences to construct and justify arguments and solve problems within their subject area.
CB03	Be able to gather and process relevant information (usually within their subject area) to give opinions, including reflections on relevant social, scientific or ethical issues.
CB05	Have developed the necessary learning abilities to carry on studying autonomously
CG02	Design, plan and evaluate teaching and learning processes, both individually and in collaboration with other teachers and professionals in the centre.
CG04	Design and arrange learning spaces, with consideration of diversity and gender equality, equity and respect for human rights, which constitute the values of citizenship.
CG05	Promote coexistence inside and outside the classroom, solve discipline problems and contribute to the peaceful resolution of conflicts.
CG08	Boost and value pupils' effort, determination and self-discipline.
CG08	Critically and autonomously assess one's own knowledge, values and also those of the state, public and private social institutions.
CG10	Reflect on classroom practice to allow innovation and improvement of the teaching practice. Acquire habits and skills for autonomous and cooperative learning and promote it among pupils.
CG11	Know and apply information and communication technology in the classroom. Select audiovisual information which contributes to learning, civic training and cultural richness.
CT02	Master information and communication technology (ICT).
CT03	Correct oral and written communication.
CT04	Moral obligation and professional ethics.

5. Objectives or Learning Outcomes**Course learning outcomes**

Description

Know, distinguish and critically reflect on the theoretical explanations of human development.

Know and identify the psychological, pedagogical and social foundations that build human development, the teaching-learning process, and the influence of context, and be able to apply that knowledge in the classroom.

Design and implement strategies or tasks that promote the overall development of 6-to-12-year-old pupils, with emphasis on cognitive and socio-emotional abilities.

Identify the characteristics of 6-to-12-year-old pupils, as well as those of their contexts and their relationship.

Be able to have positive and integrative attitudes to pupils with different personal, social and multicultural experiences.

Reflect and critically analyse the possible theoretical explanations of human development.

Be able to solve conflicts through mediation inside and outside the classroom in collaboration with the teaching staff, educational psychology services and family.
