8. Evaluation criteria and Grading System

Evaluation System	Continuous assessment	Non-continuous evaluation*	Description
Final test	40.00%	40.00%	Written exam consisting of development questions and short answer. To overcome the subject requires passing this exam.
Self Evaluation and Co-evaluation	20.00%	20.00%	Reading of articles and reviews. Preparation of reports and comments
Assessment of problem solving and/or case studies	40.00%	40.00%	Valuation of participation and use of the class.
Total:	100.00%	100.00%	

According to art. 4 of the UCLM Student Evaluation Regulations, it must be provided to students who cannot regularly attend face-to-face training activities the passing of the subject, having the right (art. 12.2) to be globally graded, in 2 annual calls per subject, an ordinary and an extraordinary one (evaluating 100% of the competences).

Evaluation criteria for the final exam:

Continuous assessment:

The subject can be overcome by completing and exceeding all the proposed activities during the teaching period and passing the final exam on the day of the official call. The evaluation percentages of each activity will be distributed as indicated in the previous assessment table.

For students who have not opted for the continuous assessment system will be an examination of the entire agenda and a text comment on the day of the official call. The exam will count 70% of the total mark (40% theory and 30% practice, both of which must be approved) and the text comment will be the remaining 30%.

Non-continuous evaluation:

Evaluation criteria not defined

Specifications for the resit/retake exam:

The extraordinary examination will consist of a single exam, both for students who have followed the continuous assessment and for those who have not. In this exam all the theoretical and practical contents that make up the program of the subject will be evaluated. The exam will count 70% of the total score (40% theory and 30% practice, both having to be approved) and the text comment will count 30 % remaining
