This subject is taught in the first year of the Degree in Business Management and Administration, so that it is not necessary to have previous knowledge, on the contrary it will be the basis of other subjects that are taught throughout the university career.

### 3. Justification in the curriculum, relation to other subjects and to the profession

The subject of General Accounting is structured in two clearly differentiated parts: first, Basics of Accounting, part where the basic knowledge necessary to be able to enter the accounting science are explained; and second, who General Accounting is an annual subject and is taught during the first course of the Degree in Business Administration and Management. Throughout the course, the conceptual framework is analyzed and, based on current reg This subject is the basis on which the following subjects are based: Financial and Company Accounting (second year), Cost Accounting (third year) and Accounting Analysis (third year). In addition, this subject is the starting poir On the other hand, this subject is closely related to subjects from other areas, such as Mathematics of financial operations, Commercial Law, and subjects of Public Finance and Fiscal Regime. Therefore, it supposes a very imp It is a fundamental subject in a student of the Degree in Business Administration, since it will teach him to represent the economic facts, and prepare the financial reports of a company, important aspect for later, to be able to re

# 4. Degree competences achieved in this course Course competences

| 8. Evaluation criteria and Grading System |                       |                            |  |  |  |  |
|---|-----------------------|----------------------------|--|--|--|--|
| Evaluation System                         | Continuous assessment | Non-continuous evaluation* | Description  |  |  |  |
| Final test                                | 70.00%                | 100.00%                    | The total mark depends on the realization of a final exam of theoretical and practical character.  |  |  |  |
| Fieldwork assessment                      | 30.00%                | 0.00%                      | This mark is related to the assessment of the results of the field work and that from the<br>seminar/workshop. It is necessary for the student to pass the final exam in order to obtain this 30%<br>the mark. |  |  |  |
| Total:                                    | 100.00%               | 100.00%                    |  |  |  |  |

According to art. 4 of the UCLM Student Evaluation Regulations, it must be provided to students who cannot regularly attend face-to-face training activities the passing of the subject, having the right (art. 12.2) to be globally graded, in 2 annual calls per subject, an ordinary and an extraordinary one (evaluating 100% of the competences).

Specifications for the resit/retake exam:
Students who have not passed the subject in ordinary call, must make the extraordinary call in which they will establish different alternative sections to guarantee that the appropriate competences are achieved.
