4. Degree competences achieved in this course

Course competences

Code	Description
E01	Interpret the evolution of human societies in a diachronic perspective, taking into account the importance of historical change.
E02	Understand and value the History of Spain and Hispanic America and the contributions of their culture within the framework of Universal History.
E03	Interpret and analyze critically present situations from their historical origins.
E04	Assess the potential of heritage resources as witnesses of a collective memory and identity.
E05	Analyze, understand and interpret the archaeological evidence in a diachronic perspective.
E06	Manage centers with archaeological, artistic, audiovisual, bibliographic, documentary, photographic and hemerographic resources.
E07	Organize, describe and know how to disseminate the assets of the Spanish historical heritage, including the management of cultural projects and events for their knowledge.
E08	Know, understand and interpret the territory of the studied region interrelating the phenomena at different scales.
E09	Use geographic information as an instrument for territorial interpretation and analysis of landscapes and heritage.
E14	Evaluate the history of conservation, the criteria for restoration and the management of historical and artistic heritage, including its current problems.
E20	Develop methods for the use of an accurate and appropriate vocabulary.
E30	Identify the intangible and immaterial heritage and its local, national and international significance as a factor in development.
G02	Knowledge of Information and Communication Technologies (ICT)
G03	Correct oral and written communication.
G04	Ethical commitment and professional ethics.
G05	Possess and understand knowledge in Humanities at a higher level, including some cutting edge knowledge in the different fields of study within the Degree.
G06	Know how to apply acquired knowledge in a practical way and, eventually, to a job or vocation in a professional manner.
G07	Be able to develop and defend arguments and solve problems within the Humanities and Heritage field.
G08	Have the ability to gather and interpret relevant data to inform judgments that include reflection on relevant social, scientific or ethical issues.
G09	Know how to read, understand, critically analyze and synthesize texts from the Humanities and Heritage field, integrating them into a speech of their own.
G10	Ability to write a monograph, undertake field work or perform basic empirical study, using the methodological criteria of the disciplines of the Degree.
G11	Be able to communicate information, ideas, problems and solutions to both specialist and non-specialist audiences.
G12	Develop those skills needed to undertake further studies with a high degree of autonomy.
G13	Innovate the presentation and dissemination of culture, transmitting the acquired knowledge in an organized manner.
G14	Relate the generalist approach of the different areas of knowledge of the degree with the specialized framework in the field of vocational guidance.
G17	Develop the ability to overcome stereotyped relationships and interpretations.

5. Objectives or Learning Outcomes

Course learning outcomes

Description

Know, understand and know how to explain the different elements that make up the historical and artistic heritage within the framework of state and regional

legislation.

Know and know how to use the necessary tools to guarantee society access, knowledge and enjoyment of its historical and artistic heritage.

To value and interpret the contributions of Spanish historical and artistic heritage to universal culture.
