**2. Pre-Requisites**

Not established

**3. Justification in the curriculum, relation to other subjects and to the profession**

Not established

**4. Degree competences achieved in this course****Course competences**

| Code | Description  |
|------|--|
| CE07 | Understand the economic environment as a result of and apply theoretical or formal representations of how the economy works. To this end, they will be able to understand and use common manuals, as well as articles and, in general, cutting-edge bibliography on core subjects of their curriculum. |
| CE11 | To know the functioning and consequences of the different economic systems.  |
| CE13 | Ability to create logic models that are representative of business reality.  |
| CG01 | Possess skills for continuous, self-directed and autonomous learning, which will allow them to develop the learning skills necessary to undertake further studies with a high degree of autonomy.  |
| CG03 | Develop oral and written communication to prepare reports, research projects and business projects, and be able to defend them before any commission or group (specialized or not) in more than one language, collecting relevant evidence and interpreting them appropriately.                        |
| CG04 | Make appropriate use of ICT, applying them to the corresponding business department with specific programmes in those business areas.  |
| CG05 | Ability to work as a team, lead, direct, plan and supervise multidisciplinary and multicultural teams in the national and international environment of the company and their respective departments, so as to achieve synergies beneficial to the entity.  |

**5. Objectives or Learning Outcomes****Course learning outcomes****Description**

To know the main theories and approaches of economic analysis to be able to explain the behavior of economic agents at the micro and macroeconomic levels, as well as the imperfections that can arise in different sectors as a result of the economic process

Listen, negotiate, persuade and defend arguments orally or in writing.

Search for information, its analysis, interpretation, synthesis and transmission.

Work independently and with personal initiative.

**Additional outcomes****6. Units / Contents****Unit 1:****Unit 2:****Unit 3:****Unit 4:****Unit 5:****Unit 6:****7. Activities, Units/Modules and Methodology**
