4. Degree competences achieved in this course

Course competences

Code	Description
E04	Capacity to read and analyse specialised texts and documents on any relevant topic, and to summarise or adapt them using language or vocabulary understandable to the general public.
E05	Basic capacity to understand informative or communicative production, either written or audiovisual, in standard English.
E14	Capacity to experiment and innovate by learning and using techniques and methods applied to improvement of quality and self-assessment processes. Develop capacity for autonomous learning, adaptation to change and creativity-driven innovation.
E15	Knowledge of the new trends and behaviours related to consumption of information and entertainment content, as well as of the incidence of NICT on audience behaviour.
E16	Critical knowledge of media influence on Education and of the relation of the media with schools, as well as of the potential of the new Information and Communication Technologies and multimedia systems for development of off-site learning and knowledge.
E18	Egalitarian awareness with regards to individuals and peoples, respect for international human rights, and knowledge of the great cultural or civilising trends related to individual and collective fundamental values.
G01	B1 level of a second foreign language, as per the Common European Framework of Reference for Languages
G04	Ethical commitment and professional ethics.
G05	Gain knowledge and understanding of Journalism by acquiring rational and critical knowledge of world current affairs in order to understand social phenomena that occur in society today.
G07	Interpret relevant data, such as key events and processes that take place in today's societies, from a synchronic perspective. The scope of this kind of knowledge should be as wide as possible, since it contributes to developing the ability to understand diversity and to fostering civic awareness and respect for alien value systems.
G09	Develop the abilities required for Journalism and Communications in general, in order to pursue further postgraduate and professional retraining studies.
G11	Gain insight into the most relevant concepts, categories, theories and topics of the different subfields of Information & Communications research.

5. Objectives or Learning Outcomes

Course learning outcomes

Not established.
