5. Objectives or Learning Outcomes

Course learning outcomes

Description

Transmit information, ideas, problems and solutions referred to the legal process, both to a specialized public and in professional forums.

Draft with technical and formal correction and mastery of the use of forensic legal language the basic legal writings required in each of the procedural steps. Select with legal basis and rigor the different strategies to adopt before the courts in defense of their claims.

Know and dominate the structure, elements and common and differential budgets of judicial processes, and learn to identify the requirements imposed by procedural norms in every procedural action.

Define and explain with clarity and precision the institutions that make up the legal process, as well as the principles and procedural guarantees that govern them and their interpretation by the courts.

Apply the acquired knowledge and skills to their work or vocation in a professional manner, with ethical commitment in their exercise.
