San Pedro Mártir/ 3.3.1.	ADMINISTRACIÓN DE EMPRESAS	5162	yolanda.salinero@uclm.es	

2. Pre-Requisites

It is recommended that the student has taken electives, itineraries or mentions related to business strategy in their undergraduate studies. For the University of Castilla-La Mancha, it is recommended that the student has taken the Strategic Management and Marketing mention of the Bachelor's Degree in Business

3. Justification in the curriculum, relation to other subjects and to the profession

This compulsory subject is part of the common module Business Strategy, within the subject "Advanced Strategic Management", which also includes the subjects Innovation Strategies and Knowledge Management and Corporate and International Strategies. It is taught in the first semester of the Master's Degree in Business Strategy and Marketing.

It deepens into the need to make an adjustment between human resources practices and the company's strategy. It analyzes the impact that strategic human resources management can have on business results. Special attention is given to a very topical issue in relation to the human factor: ethics and corporate social responsibility.

4. Degree competences achieved in this course

Course competences	
Code	Description
E01	Ability to understand the general management approach and how decisions taken influence the competitiveness of the company.
E03	Ability to study the implications for the company's general management of acting in a global, intercultural and dynamic environment.
E05	Ability to consider external and internal approaches to business competitiveness, balancing the factors of adaptation of the company to its environment and of internal organisational integration.
E12	Ability to determine the influence of management style on the formulation and implementation of the company's strategy.
G01	Capacity for analysis and synthesis of specialized literature in order to interpret it from a critical perspective.
G02	Oral communication skills in Spanish and English for the presentation of projects, as well as the defense of reports, communications to congresses and scientific meetings.
G03	Written communication skills in Spanish and English for the writing of projects, as well as the defense of reports, communications to congresses and scientific meetings.
G05	Ability to work as a team in groups, and to cooperate in the implementation of projects, working papers, communications and scientific articles.
G07	Ability to understand the ethical responsibility and professional deontology of the activity of senior decision makers in the field of strategy, including aspects such as the recognition of human rights or gender issues
G08	Ability for continuous, self-directed and autonomous learning at project level.
G09	Ability to develop an innovative and creative attitude applied to the solution of strategic and research problems

5. Objectives or Learning Outcomes

Course learning outcomes	
Description	
To understand the management of the company according to a strategic approach, deepening in the assumptions on which this general management model is based, such as the levels of the strategy, the strategic objectives, strategy formulation and implementation, the internal and external factors of competitiveness and the adaptation of the company to its environment.	
To detect the main internal, external and discretionary contingencies on which the success of a strategy depends.	
To design strategies that are adapted to the contingencies that are identified in a creative manner.	
Additional outcomes	
-To know the main theories that relate human resources practices and business results.	
-To understand the process of formulating human resources strategies	
-To analyze the process of implementing human resources strategies.	
- To discuss the results achieved in the main existing empirical studies.	
- To analyze the ethics and social responsibility of specific companies.	
- To deepen in current issues such as competency management and diversity management.	
- To understand the implications of internationalization in the human resources management process.	

6. Units / Contents
