**2. Pre-Requisites**

Not established

**3. Justification in the curriculum, relation to other subjects and to the profession**

Not established

**4. Degree competences achieved in this course****Course competences**

| Code | Description  |
|------|--|
| E07  | Understand the economic environment as a result and application of theoretical or formal representations on how the economy works. To do so, it will be necessary to be able to understand and use common handbooks, as well as articles and, in general, leading edge bibliography in the core subjects of the curriculum.                  |
| E11  | Know the workings and consequences of the different economic systems   |
| E12  | Understand the role of institutions and agents in economic and social activities   |
| G02  | Ability to understand the ethical responsibility and the code of ethics of professionals working in the field of economics. To know and apply the legislation and recognition of human rights and questions of gender equality.  |
| G03  | Develop oral and written communication skills in order to prepare reports, research projects and business projects and defend them before any commission or group of professionals (specialised or non-specialised) in more than one language, by collecting relevant evidence and interpreting it appropriately so as to reach conclusions. |
| G04  | Ability to use and develop information and communication technologies and to apply them to the corresponding business department by using specific programmes for these business areas.  |
| G05  | Capacity for teamwork, to lead, direct, plan and supervise multidisciplinary and multicultural teams in both national and international environments so as to create synergies which benefit organisations.  |

**5. Objectives or Learning Outcomes****Course learning outcomes****Description**

To know the models and techniques of analysis of the economic and legal environment that companies currently face, with special attention to the search for opportunities and the anticipation of possible changes.

To know the main theories and approaches of economic analysis to be able to explain the behavior of economic agents at the micro and macroeconomic levels, as well as the imperfections that can arise in different sectors as a result of the economic process.

Search for information, its analysis, interpretation, synthesis and transmission

**6. Units / Contents****Unit 1: Basic Concepts of Applied Economics****Unit 2: International Economic Growth and Development**

**Unit 3: The World Trade System****Unit 4: The International Monetary and Financial System****Unit 5:**

| <b>Total:</b>                             | <b>100.00%</b>        | <b>100.00%</b>             |   |

According to art. 4 of the UCLM Student Evaluation Regulations, it must be provided to students who cannot regularly attend face-to-face training activities the passing of the subject, having the right (art. 12.2) to be globally graded, in 2 annual calls per subject, an ordinary and an extraordinary one (evaluating 100% of the competences).

**Evaluation criteria for the final exam:****Continuous assessment:**

The final exam will consist of two parts: a partial exam that will take place in the evaluation period of the first semester (a mark over 5 is required to release the syllabus of this first semester) and a second test in the evaluation period of the second semester. The grade of the final exam will be added the grade obtained in the remaining evaluable activities when a minimum score of 4 out of 10 is obtained in the final exam.

**Non-continuous evaluation:**

The evaluation will be carried out with a final test that will include the specific tests that are considered necessary to evaluate all the competences.

**Specifications for the resit/retake exam:**

In the extraordinary call, syllabus will be recovered through a final exam. The remedial evaluation of the competences acquired with training activities must be communicated to the professor before the beginning of the final evaluation period and will be carried out through specific tests that will be included in the final exam.

**Specifications for the second resit / retake exam:**

The evaluation will be carried out on a single written test with theoretical and practical questions; A minimum score of 5 out of 10 will be required to pass the course.
