#### 3. Justification in the curriculum, relation to other subjects and to the profession

The justification for studying this Subject relies on the need to provide the students with knowledge and skills to design a business plan, and thus make the students able to start up a firm, by taking into account the feasibility of the new venture, how this new venture fits market opportunities and how the new venture is profitable, is risky and is ethical. To do that, it is necessary to have some knowledge on subjects like "Business Administration" and "Business Organization and Human Resources Management". Self-Employment is an option for the professional future of university graduates. Thus, the skills developed throughout the Degree of Business Administration are key to get that the business project plan can be started successfully.
