### 2. Pre-Requisites

Not established

### 3. Justification in the curriculum, relation to other subjects and to the profession

Not established

### 4. Degree competences achieved in this course

#### Course competences

Code	Description
E01	To become aware of the importance of law as a regulator of social relations.
E03	Learn to use constitutional principles and values as a working tool in the interpretation of the legal system.
E07	To critically analyze the legal system that allows the identification of the social values underlying the legal norms and principles.
E08	Work on dialogue, debate, argumentation and the proposal of reasonable solutions in different contexts.
E09	To apply the legal system based on the values and ethical principles of the different legal professions.
E11	Ability to create and structure standards.
E13	Solve problems arising from the application of general principles of law and legal norms to factual situations.
E18	To be able to critically evaluate the framework within which State action is carried out and public policies are defined and implemented.
G04	Incorporate the sense and ethical principles in their professional activity
G05	Commitment to the culture of peace, democratic values, human rights and the principles of equal opportunity, non-discrimination and universal accessibility for persons with disabilities, as well as gender issues.
G09	Develop critical and self-critical thinking.
G10	Develop the capacity for analysis and synthesis and promote autonomous learning.

### 5. Objectives or Learning Outcomes

#### Course learning outcomes

##### Description

Critically analyze historical and current normative texts and interpret and apply legal sources.

To be able to review, at a meta-theoretical level, the concepts of traditional law theory and, at a normative or critical level, to submit legal and political institutions to moral and political evaluation.

Consolidate the knowledge of the legal institutions that form the basis of the current legal system.

To develop the capacity to use constitutional and statutory principles and values in the interpretation of the autonomous and local legal system.

To assimilate the assumptions of liberal democracy in a globalized world and the repercussions for it of the distinction between liberalism and republicanism.

To promote a critical awareness in the analysis of the legal system
