4. Degree competences achieved in this course**Course competences**

Code	Description
B01	Possess and understand knowledge in the historical discipline, from the base acquired in secondary education and in the baccalaureate
B02	Apply the knowledge to their work or vocation in a professional manner, as well as possess the skills that are usually demonstrated through the elaboration and defense of arguments and the resolution of problems within their area of study.
B03	Collect and interpret data in the historical discipline to make judgments that include a reflection on social, scientific and ethical issues.
B04	Transmit information, ideas, problems and solutions to a specialized and non-specialized public.
B05	Develop those learning skills necessary to undertake further studies with a high degree of autonomy
E01	Detailed knowledge of each of the specific periods of the past of human societies and of the phases of transition and change between some stages and others
E02	Know the historical sources, both archaeological and documentary and the new resources and information support for the history
E04	Knowledge of specific techniques to study archaeological records and historical documents of different periods, from epigraphy and paleography to audiovisual and internet resources
E06	Knowledge of the national history itself in its European and world contexts
E07	Knowledge of European history with a comparative perspective and in the global context of each era
E08	Knowledge of the plurality of social processes and trends in world history
E10	Understand the fundamentals of human geography and physical geography as spaces in which historical processes are developed
E15	Understand and understand the ideological and aesthetic relationships between literature and society.
