Evaluation criteria for the final exam:

Continuous assessment:

The remaining 15% in 1ºB will be marks corresponding to the school projects related to the Teaching section. It will be necessary to have at least 4/10. Information for every call

- If needed, any change or adaptation of the eguides due to circumstances derived from the evolution of the pandemic will be documented by means of an addendum.
- For every evaluation activity it will necessary to get at least 4/10 to be taken into account for the final mark.

- In order to pass the course, the average mean of every evaluation activity will be at least 5/10.
- It will be necessary to pass the three parts of the course: didactics, oral and written exam.
- If a student fails Didactics, the written exam will not be checked and their final mark will be 3 by default. If a student fails the oral section, the final mark will be 4 by default. If a student fails the written exam, that mark will be the final one.
- It will be possible to pass the oral section by means of repeated participation in class at the required level.
- If a student passes only one or two of the sections in the ordinary call, their marks will be kept for the extraordinary call.
- No marks will be kept for further calls.
- At the beginning of the academic year, a list of basic errors will be uploaded to Moodle. Every time one of these errors is produced, the mark will be penalized with -0'25 up to a total of -3, even if it is repeated. This will be applied to every piece of oral or written production.
- Plagiarism or any kind of academic fraud in any evaluation activity will lead to the consequences foreseen in the art. 9 of the REE regulating Student Evaluation in UCLM. The mark for that activity will be 0/10.

Non-continuous evaluation:

Students will be required to prepare materials for a real school.
The other considerations of the continuous assessment will apply to them.
