2. Pre-Requisites

Not established

3. Justification in the curriculum, relation to other subjects and to the profession

Not established

4. Degree competences achieved in this course

Course competences

Code	Description
B01	Possess and understand knowledge in the historical discipline, from the base acquired in secondary education and in the baccalaureate
B02	Apply the knowledge to their work or vocation in a professional manner, as well as possess the skills that are usually demonstrated through the elaboration and defense of arguments and the resolution of problems within their area of ¿study.
B03	Collect and interpret data in the historical discipline to make judgments that include a reflection on social, scientific and ethical issues.
B04	Transmit information, ideas, problems and solutions to a specialized and non-specialized public.
E01	Detailed knowledge of each of the specific periods of the past of human societies and of the phases of transition and change between some stages and others
E02	Know the historical sources, both archaeological and documentary and the new resources and information support for the history
E03	Know the information resources both the bibliographic catalogs, as well as the inventories of archives and audiovisual and computer bases
E05	Knowledge of the national history itself in its European and world contexts
E06	Knowledge of the national history itself in its European and world contexts
E09	Know the history of gender by breaking down the roles of women in different historical stages and in different cultures
E22	Ability to read historiographic texts or original documents, as well as to transcribe, summarize and catalog information in a relevant way
E23	Ability to use information resources (bibliographies, file inventories and audiovisual and computer databases)
E25	Ability to analyze, understand and interpret the archaeological record in the different historical stages
E31	Ability to interpret the artistic images of the different periods of history
E39	Awareness of social change as a characteristic common to all societies in the different stages of history
E40	Awareness of the plurality of historiographical perspectives and contexts of thought that explain social processes and trends as well as the anthropological characteristics of each culture.
G02	Knowledge of Information and Communication Technologies (ICT). (Common for all UCLM degrees)
G03	Proper oral and written communication (Common for all UCLM degrees)
G04	Ethical commitment and professional deontology (Common for all UCLM degrees)
T01	Capacity for analysis, synthesis, organization and planning
T03	Problem solving and decision making
T04	Team work and coordination of activities
T05	Work in an international and interdisciplinary context
T07	Critical thinking
T10	Knowledge of other cultures and customs, appreciation of diversity and commitment to gender equality

5. Objectives or Learning Outcomes

Course learning outcomes

Description

Introduce and familiarize with the problem of the formation and production of the archaeological record as the main source for the construction, understanding and interpretation of historical scenarios in the reference period.

To approach and present the history of the thought and practice of the natural and human sciences through the evolution of Prehistory understood as a discipline that addresses the study and explanation of the first history of humanity.

Discuss and explain the notions of universality and cultural diversity through the historical analysis of the process of humanization and the origin of modern

humanity.

Know and analyze the social and cultural plurality of every historical period to interpret, consequently, the different technological developments.

Know and analyze the various historical stages from prehistory to contemporary times, focusing on social organizations and their cultural manifestations in order to contextualize the subsequent training in history and related subjects offered by the Degree.

Relate the social changes developed in each stage of prehistory with the cultural and technological changes.

Identify the different periods of Prehistory from the material items.

Identify and describe the material elements of the different prehistoric periods.

Additional outcomes

Other off-site activity [OFF-SITE]	Self-study	B01 B02 B03 B04 E01 E02 E03	1.8	45	Y	Y	
Total:			6	150			
Total credits of in-class work: 2.4			Total class time hours: 60				
Total credits of out of class work: 3.6			Total hours of out of class work: 90				

As: Assessable training activity

Com: Training activity of compulsory overcoming (It will be essential to overcome both continuous and non-continuous assessment).

8. Evaluation criteria and Grading System

Evaluation System	Continuous assessment	Non- continuous evaluation*	Description
Progress Tests	10.00%	10.00%	
Final test	70.00%	70.00%	
Practical exam	5.00%	5.00%	
Practical exam	15.00%	15.00%	
Total:	100.00%	100.00%	

According to art. 4 of the UCLM Student Evaluation Regulations, it must be provided to students who cannot regularly attend face-to-face training activities the passing of the subject, having the right (art. 12.2) to be globally graded, in 2 annual calls per subject, an ordinary and an extraordinary one (evaluating 100% of the competences).

9. Assignments, course calendar and important dates

Not related to the syllabus/contents

Hours	hours
Unit 1 (de 7):	
Activities	Hours
Class Attendance (practical) [PRESENCIAL][Lectures]	1
Class Attendance (theory) [PRESENCIAL][Lectures]	3
Study and Exam Preparation [AUTÓNOMA][Self-study]	2
Group 28:	
Initial date: 13-09-2023	End date: 22-09-2023
Unit 2 (de 7):
