Evaluation criteria for the final exam:**Continuous assessment:**

Information for every call

- For every evaluation activity it will necessary to get at least 4/10 to be taken into account for the final mark.
- In order to pass the course, the average mean of every evaluation activity will be at least 5/10.
- It will be necessary to pass the three parts of the course: project, oral and written exam.
- If a student fails the project, the written exam will not be checked and their final mark will be 3 by default. If a student fails the oral section, the final mark will be 4 by default. If a student fails the written exam, that mark will be the final one.
- It will be possible to pass the oral section by means of repeated participation in class at the required level.
- If a student passes only one or two of the sections in the ordinary call, their marks will be kept for the extraordinary call.
- No marks will be kept for further calls.
- At the beginning of the academic year, a list of basic errors will be uploaded to Moodle. Every time one of these errors is produced, the mark will be penalized with -0'25 up to a total of -3, even if it is repeated. This will be applied to every piece of oral or written production.
- Plagiarism or any kind of academic fraud in any evaluation activity will lead to the consequences foreseen in the art. 8 of the REE regulating Student Evaluation in UCLM. The mark for that activity will be 0/10.
