Facultad de Derecho y Ciencias Sociales	ADMINISTRACIÓN DE EMPRESAS	926295392	estrella.diaz@uclm.es	

2. Pre-Requisites

Not established. It is recommended to have previously studied the subject Principles of Marketing (2nd Grade ADE-Basic).

3. Justification in the curriculum, relation to other subjects and to the profession

The course Commercial Management is proposed as a continuity of the contents included in the subject of Principles of Marketing (taught in the second semester of 2nd Grade). In this sense, it is intended to deepen the concepts related to the basic tools of Marketing: product, price, distribution and communication, giving the student greater ability to learn and respond to the challenges posed by the management and commercial management of organizations. In a similar way to the subject Principles of Marketing, the aim is to achieve relevant skills and abilities within this area of work in the company.

4. Degree competences achieved in this course**Course competences**

Code	Description
E01	Develop the ability to manage and run a company or organization, understand their competitive and institutional position, and identify their strengths and weaknesses.
E02	Develop and enhance entrepreneurship, adaptability to change and creativity in any functional area of a company or organization.
E03	Develop and enhance the ability to establish the planning and organization of any task in a company with the ultimate goal of helping make business decisions.
E05	Develop the ability to analyze any information on the situation and possible development of a company and transform it into a business opportunity.
E06	Develop and enhance the ability for general management, technical management and the management of research, development and innovation projects in any company or organization.
E08	Ability to produce financial information, relevant to the decision-making process.
E12	Understand the role of institutions and agents in economic and social activities
G01	Possession of the skills needed for continuous, self-led, independent learning, which will allow students to develop the learning abilities needed to undertake further study with a high degree of independence.
G03	Develop oral and written communication skills in order to prepare reports, research projects and business projects and defend them before any commission or group of professionals (specialised or non-specialised) in more than one language, by collecting relevant evidence and interpreting it appropriately so as to reach conclusions.
G04	Ability to use and develop information and communication technologies and to apply them to the corresponding business department by using specific programmes for these business areas.
G05	Capacity for teamwork, to lead, direct, plan and supervise multidisciplinary and multicultural teams in both national and international environments so as to create synergies which benefit organisations.

5. Objectives or Learning Outcomes**Course learning outcomes****Description**

Apply the tools and methods for the quantitative analysis of the company and its environment.

Search for information in order to analyze it, interpret its meaning, synthesize it and communicate it to others.

Know the processes aimed at creating, communicating, supplying and exchanging products and services in the market that have value for customers, companies and society in general.
