Lecturer: PABLO CESAR OLIVOS JARA - Group(s): 10

Building/Office	Department	Phone number	Email	Office hours
Melchor Macanaz / 1.11	PSICOLOGÍA	2174	pablo.olivos@uclm.es	

2. Pre-Requisites

Not established

3. Justification in the curriculum, relation to other subjects and to the profession

Psychology has experienced, in decades, an important growth, in relation to the number of psychologists in the exercise as to their presence in various areas of professional performance. The most important fields of professional practice of Psychology in Spain have been defined by the General Council of Official Colleges of Psychologists (CGCOP), describing the major fields of professional practice among which is the psychology of work and organizations. In the public administration (state, autonomous and local), the psychologist is professionally incorporated in several areas: health system, educational system, penitentiary institutions, social welfare system, etc.

This course allows students to introduce psychological conceptualization and theorizing, with emphasis on psychosocial processes related to group behavior and different aspects of organizational behavior. Allow relating general knowledge of Psychology, Social Psychology, and Organizations with related subjects in the field of labor sciences and other subjects of the degree in Labor Relations.
