4. Degree competences achieved in this course**Course competences**

Code	Description
B02	Apply the knowledge to their work or vocation in a professional manner, as well as possess the skills that are usually demonstrated through the elaboration and defense of arguments and the resolution of problems within their area of study.
B03	Collect and interpret data in the historical discipline to make judgments that include a reflection on social, scientific and ethical issues.
B04	Transmit information, ideas, problems and solutions to a specialized and non-specialized public.
E01	Detailed knowledge of each of the specific periods of the past of human societies and of the phases of transition and change between some stages and others
E02	Know the historical sources, both archaeological and documentary and the new resources and information support for the history
E04	Knowledge of specific techniques to study archaeological records and historical documents of different periods, from epigraphy and paleography to audiovisual and internet resources
E06	Knowledge of the national history itself in its European and world contexts
E07	Knowledge of European history with a comparative perspective and in the global context of each era
E08	Knowledge of the plurality of social processes and trends in world history
E10	Understand the fundamentals of human geography and physical geography as spaces in which historical processes are developed
E17	Understand and understand social systems (kinship, religion and worldview, politics, economics, gender, art, etc.) and their dynamics within different cultures
E20	Capacity for oral and written expression in their own language using the terminology and techniques accepted in the historiographical profession
E22	Ability to read historiographic texts or original documents, as well as to transcribe, summarize and catalog information in a relevant way
E28	Ability to identify and appropriately use sources of information for historical research
E29	Ability to organize complex historical information in a coherent manner and expose a historical discourse according to the critical canons of the discipline
E30	Ability to correctly comment texts and documents in accordance with the critical canons of the discipline
E36	Ability to analyze and understand the dynamics of the relationship between thought, politics, gender, economy and culture within the different social systems
E40	Awareness of the plurality of historiographical perspectives and contexts of thought that explain social processes and trends as well as the anthropological characteristics of each culture.
G03	Proper oral and written communication (Common for all UCLM degrees)
G04	Ethical commitment and professional deontology (Common for all UCLM degrees)
T01	Capacity for analysis, synthesis, organization and planning
T07	Critical thinking
T08	Autonomous learning
T11	Initiative and entrepreneurship

5. Objectives or Learning Outcomes**Course learning outcomes**

Description

Know new specialized dimensions of the processes of the past.

Understand cross-cutting approaches such as gender.

Integrate in a mature way the baggage of knowledge and resources for the critical analysis of sources, texts, interpretive systems and methodology and the theory of history.

Critically capture the evolution of social systems, their changes and conflicts, with the capacity to reflect and debate about it.
